- Limited Lifetime Warranty

Satisfaction Guaranteed

As an affiliate of National Lumber, National Roofers guarantees that our outstanding service does not end when your roof installation is completed. Together with the manufacturer's warranty, National guarantees your satisfaction with our workmanship for 2 years after installation.

Protect your home with
the **BEST** shingles
& the **BEST** installation
providing the **BEST** value

Competitive Pricing

National understands that you want the BEST VALUE for your investment in your home. Therefore, we encourage you to be an informed consumer and realize that all roofers are not equal. Experience, licensing, insurance ratings and project management skills are some of the important aspects to consider when you are choosing a roofing company. National Roofers will provide all necessary documentation to prove our reliability, and will focus on your satisfaction through excellent work practices. You will receive a quote that is competitive with other qualified roofers using Owens Corning products.

Comprehensive Services

In addition to installing roofing materials, **National Roofers** installs gutters, downspouts and gutter protection. Our services include professional waste removal. If needed, our experts can also make related repairs to such items as roof decking, soffits and fascia boards.

National Window, our affiliate, installs United Eclipse™ vinyl or JELD-WEN® wood-clad replacement windows, Therma-Tru® entry doors & Cellwood insulated vinyl siding. **national-window.com**

Pro Insulators, a division of National Lumber, offers installation of batt, blown-in and foam insulation products. They are experts in retrofitting homes to improve energy savings and comfort. **pro-insulators.com**

When comparing contractors remember to check:

Experience

National Lumber has been serving builders and homeowners throughout New England since 1934. With a proud legacy of exceptional customer service, they carefully chose National Roofers as an installed services affiliate with experienced staff.

Warranty

Owens Corning products have the best product warranties. **National Roofers** provides a two (2) year warranty on workmanship.

Licensing & Better Business Bureau

Both **Home Improvement Contractor** and **Construction Supervisor** licensing provides assurance of quality workmanship. Check online to verify that the contractor's licensing and the company listing with the Better Business Bureau, like National Roofers, is current and in good standing with no complaints on file.

Insurance & Project Management

Ask to see a copy of the contractor's insurance policy. Be certain that a licensed Construction Supervisor will be onsite during the installation to assure proper safety and work procedures.
